

Join us for the City Efficiency Leadership Council!

SPEER, in collaboration with the State Energy Conservation Office (SECO) and Houston Advanced Research Center (HARC), invites you to become part of the City Efficiency Leadership Council and attend our first meeting of the year on city energy efficiency - specifically for small and mid-sized cities in Central Texas. **Lunch will be provided.**

This meeting will bring city staff together to learn from one another on energy efficiency issues, share local challenges, and take back actionable ideas. Topics will include energy + water benchmarking, project financing options, performance contracting, the Loan Star Revolving Fund, LED street lighting, low/no cost energy audits, and voluntary community programs.

Any city staff person interested in or working on energy efficiency are welcome to attend.

Advance registration required.

Register online at www.eepartnership.org/events

When: Thursday, June 15, 10am-12pm

**Where: Central Texas Council of Governments
2180 N Main St, Belton, Texas 76513
(Oak Village Shopping Center)**

Participation and lunch are free

Open to cities, public agencies, counties, and public schools.
