

WANTED

Double Agent

Intel:

Double Agent Ozone is a tricky opponent. Up in the atmosphere, he is an ally--protecting us from harmful UV rays. At ground level, he assumes an evil alter ego known as **GROUND LEVEL OZONE** and seeks to destroy us by polluting the air and joining forces with the villainous NOx and VOCs to gain even more power and corruption.

Mission:

- Learn more about Double Agent Ozone and his evil cohorts Nox and VOCs
- How is he created?
- What are his strengths? His weaknesses?
- How is he harmful to us and the natural environment?
- What must we do to DEFEAT him?

WE NEED YOUR HELP!

Ratting out Double Agent Ozone is the only way to expose him. It is up to you to be on alert, search him out, and educate the public so they can become more aware of his evil tactics.

Case File:

The Central Texas Council of Governments' (CTCOG) Central Texas Air Information and Research Program (Central Texas AIR) is hosting the **2016 Air Quality Awareness Poster Contest**. All students in grades K - 12 are invited to submit posters based on the above information and one of the following themes: **Do Your Share for Cleaner Air** or **Ozone! Good Up High. Bad Nearby.**

Protocol:

- Create a poster (no larger than 11x17)
- It must be your own original work--no trademarked images
- Place your name, age, grade, phone number or email on the back
- Winners will be chosen from elementary, middle, and high schools
- The winning entries will be used in Central Texas AIR's Educational Outreach Campaign. (All entries become the property of CT AIR)
- **ENTRIES MUST BE POSTMARKED BY JUNE 3, 2016 OR RECEIVED IN PERSON BY 5:00 ON JUNE 3, 2016**

Mail to:

Central Texas Council
of Governments (CTCOG)
Air Quality Art Contest
PO Box 729
Belton TX 76513

Deliver to:

Central Texas Council
of Governments (CTCOG)
Air Quality Art Contest
2180 North Main Street
Belton TX 76513
