Agenda

Central Texas Solid Waste Advisory Committee (SWAC)

Thursday, May 11, 2023

Central Texas Council of Governments Building
2180 North Main Street, Belton, Texas 76513

Regular Meeting: 10:00 am

Note: The Chair of the Committee will be physically present, and the meeting will be open to the public.

Virtual Meeting Link: [SWAC Meeting](#)

Call in Number: [+1 \(571\) 317-3122](#)

Access Code: 376-919-429

Agenda

1. Call to Order.
2. Opportunity for Public Comments.
3. Staff Update: *(pg.8-9)*
 - a) RSWMP Update;
 - b) Other Updates;
 - c) Air Quality.
4. **Action Item:** Regarding approval of February 9, 2023 meeting minutes. *(pg.12-14)*
5. **Discussion Item:** Regarding update on FY23 HHW Events. *(pg.16-20)*
 - a) Hamilton HHW Event;
 - b) Lampasas County HHW Event (Kempner);
 - c) Troy HHW event; and
 - d) Killeen HHW event.
6. **Discussion and Action Item:** Regarding ex-officio membership from Ricky McCall with the City of Cameron (Milam County). *(pg.22-23)*
7. **Discussion and Action Item:** Regarding use of Implementation funds for the FY24-25 biennium. *(pg.26)*
8. **Discussion and Action Item:** Regarding FY24-25 CTCOG Implementation Project Application & Scoring Guide. *(pg.28)*

9. **Discussion Item:** Regarding review of Scrap Tire Facility application from Meyer Tire Recycling. *(pg.30-43)*
10. **Discussion Item:** Regarding camera surveillance system presentation. *(pg.46)*
11. Member Comments/Discussion.
12. Set Next Meeting Date: August 31, 2023.
13. Adjournment.

Item 3:

Staff Update

Staff Update

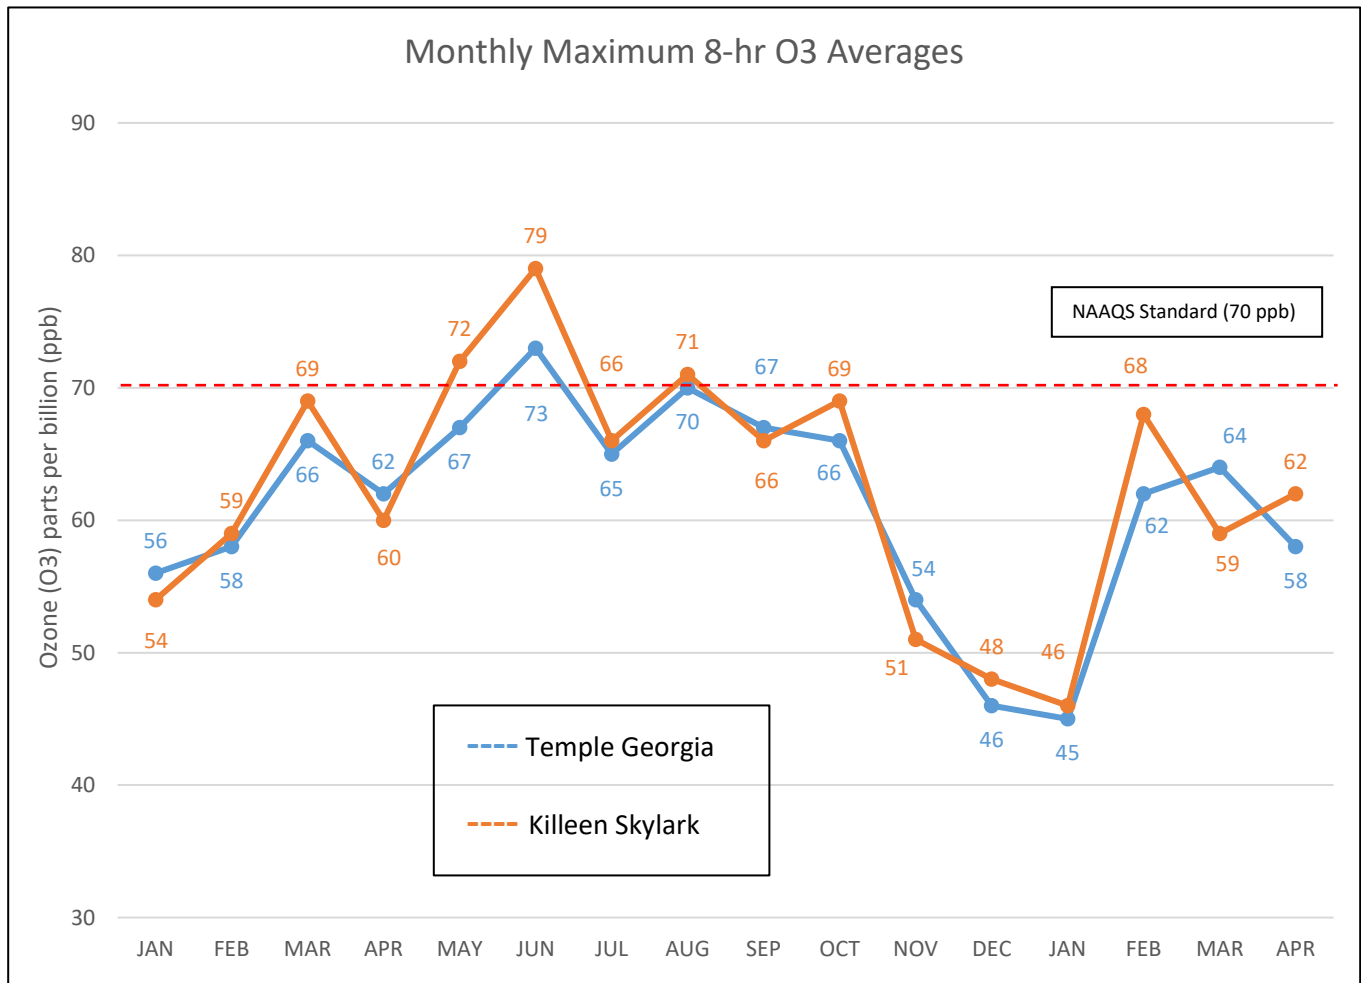

a) RSWMP Update

- On March 29th CTCOG received notice from TCEQ that they had completed their review of the RSWMP and given preliminary approval to the plan.
- Volume I will be presented to the TCEQ commissioners for adoption during an upcoming agenda and Volume II will be put before the executive director for approval.
- CTCOG was informed in August that TCEQ needs to amend the TAC rules before the regional plans can be adopted. This process can take up to 12 months.
- All 24 regional plans were posted on TCEQ's website for an informal comment period from August 19 through September 20, 2022.
- Formal public comment period February 24 through March 27, 2023.
- TCEQ is in the process of assessing and responding to comments and preparing to file the final packet by the end of June.
- Planning to put final rules adoption on the July 19, 2023 Commissioners agenda which would make the effective date for the plans August 10, 2023.

b) Other Updates

- TCEQ working on FY24-25 biennium contracts, will share draft versions with staff on May 19th.
- Municipal Solid Waste Management and Resource Recovery Advisory Council (MSWRRAC) Elected Officials Vacancies ([Link](#))
 - Still have 3 openings.
- Sunset Review
 - SB 1397 – currently out of committee, waiting for legislature vote.
 - Statutory changes mostly focused on TCEQ improving their website and public outreach.
 - More specific information at next meeting.
- USDA Compost and Food Waste Reduction (CFWR) Pilot Program
 - Grants up to \$400,000 available
 - More Info: [Link](#)

c) Air Quality

Compliance with EPA Ozone Standard: 4th Highest Annual Value				3-year average (Calculated on May 1, 2023)
	2021	2022	2023*	
Temple	67	67	58	64
Killeen	70	69	59	66

Item 4:

Meeting Minutes

SOLID WASTE ADVISORY COMMITTEE

Thursday, February 9, 2023

10:00 AM

Central Texas Council of Governments (CTCOG)
2180 North Main Street
Belton, TX 76513

Solid Waste Advisory Committee Voting Members Present

Chair Justin Brantley – City of Temple
Vice Chair Zoe Rascoe – Citizen Rep
Second Vice Chair Duane Herrera – Bell County*
Marcie Seele – City of Belton
Bill Parry – City of Gatesville

Mark Hyde – City of Harker Heights
Commissioner Johnny Wagner – Hamilton County
Commissioner Lewis Bridges – Lampasas County
Scott Edmonson – San Saba County
John Trigg – Private Business Representative

Additional Attendees

Kara Escajeda – City of Nolanville
Ryan Polster – City of Hamilton*
Kathryn Norris – City of Morgan's Point Resort
Richard Creed – Clean Earth*

James McGill – CTCOG
Connie Quinto – CTCOG
Hope Geiger – CTCOG
Anita Janke – CTCOG

**Denotes online attendee*

1. Call to Order: Justin Brantley called the meeting to order at 10:04 am.

2. Public Comments: No comments were made by the public.

3. Staff Update: RSWMP Update; Other Updates; Air Quality.

James McGill provided the committee an update on the Regional Solid Waste Management Plan (RSWMP) approval process. Mr. McGill stated that TCEQ was still moving through the proposed rulemaking process and that a formal public comment period and public hearing were scheduled for the March. Mr. McGill noted that TCEQ anticipated the rulemaking process to be finished in July. Mr. McGill informed that SWAC of some vacancies on TCEQ's MSWRRAC committee and shared links to Recycling Resources from Take Care of Texas. Air Quality for the month of January was 45 ppb at the Temple station and 46 ppb at the Killeen station.

4. Action Item: Approval of the September 15, 2022 meeting minutes.

Bill Parry made a motion to approve the September 15, 2022 meeting minutes, seconded by Commissioner Johnny Wagner; the motion passed unanimously.

5. Discussion Item: Regarding update on FY23 HHW Events.

James McGill provided an update on the survey results from the October 23 Temple HHW event. Justin Brantley added comments about the number of residents served and how collecting paint year round helped lower the cost of the event. Mr. McGill shared an update regarding the upcoming Spring HHW events in Hamilton, Lampasas County, Troy, and Killeen.

6. Discussion and Action Item: Regarding the allocation of unused FY23 Implementation funding.

James McGill explained that following the allocation of FY23 Implementation funding at the September SWAC meeting staff discovered additional unused carryover funds from FY22 that needed to be allocated. Mr. McGill also noted that Bell County decided to return their awarded funding to the SWAC to be utilized by another HHW event. Mr. McGill stated that the total unallocated amount of FY23 funding, not including interest, stood at \$9,000.

The SWAC discussed several ideas for how to use the money and Justin Brantley shared that due to Temple's lower costs this year they did not need to receive increased funding. Bill Parry recommended that the \$9,000 be split evenly between Lampasas County, City of Troy, and City of Killeen to increase each of their total funding amounts to \$15,000.

- Lampasas County HHW Event – Increase funding by \$3,000
- City of Troy HHW Event – Increase funding by \$3,000
- City of Killeen HHW Event – Increase funding by \$3,000

Zoe Rascoe made a motion to allocated the unused FY23 Implementation funding to three events in the amounts listed above, seconded by Bill Parry; the motion passed unanimously.

7. Discussion Item: Regarding use of Implementation funds for the FY24-25 biennium.

Justin Brantley introduced this item and James McGill noted that staff was interested in whether or not the SWAC would like to explore expanding the list of eligible implementation projects so staff can research and provide recommendations on changes to the Project Application and develop a Scoring Guide.

The floor opened for discussion. Several SWAC members made comments on the various issues and needs that the region is facing as well as ideas for addressing those issues. Kara Escajeda recommended three technical studies to gather data and then determine the need for implementation projects addressing specific types of waste (tires, paint, etc.). Bill Parry requested information on how much money was allocated to Implementation projects over the past 5 years and what kinds of implementation projects those dollars were spent on. The SWAC came to a consensus that exploring new options for spending FY24-25 biennium Implementation dollars would be a useful exercise.

8. Discussion and Action Item: Regarding the creation of an Application and Scoring Guide Workgroup.

James McGill shared that following the previous discussion about potentially expanding the use of Implementation Funds during the next biennium staff recommends creating a Workgroup to develop a new Project Application and an accompanying Scoring Guide so the SWAC can effectively and accurately evaluate different kinds of projects that may be submitted in the future. Justin Brantley requested four to five individuals volunteer for the workgroup and clarified that the invitation extended to ex-officio members too.

Following a brief discussion Justin Brantley, Kara Escajeda, Jackelyn Ferrer-Perez, Kathryn Norris, and Marcie Seele volunteered to be a part of the working group.

Commissioner Johnny Wagner made a motion to create an Application and Scoring Guide Workgroup comprised of the 5 individuals listed above, seconded by Commissioner Lewis Bridges; the motion passed unanimously.

9. Member Comments: Commissioner Johnny Wagner thanked everyone for coming to the SWAC meetings to discuss important solid waste issues that are not the most glamorous things, but are very important to the residents of this region.

10. Next Meeting: May 11, 2023

11. Adjourn: Meeting was adjourned at 11:00 a.m.

These meeting minutes were approved by the SWAC members at their meeting on _____.

Justin Brantley, SWAC Chair

Uryan Nelson, CTCOG PRS Director

Item 5:
FY23 HHW Events Update

FY23 HHW Events Update

Past Event Summaries

- The City of Hamilton held an HHW event on February 25, 2023.
- Lampasas County held an HHW event in Kempner on March 18, 2023.
- The City of Troy held an HHW event on April 15, 2023.
- The City of Killeen held an HHW event on May 6, 2023.

Attached is an event summaries for their HHW events.

Action Item: No action needed; for discussion only.

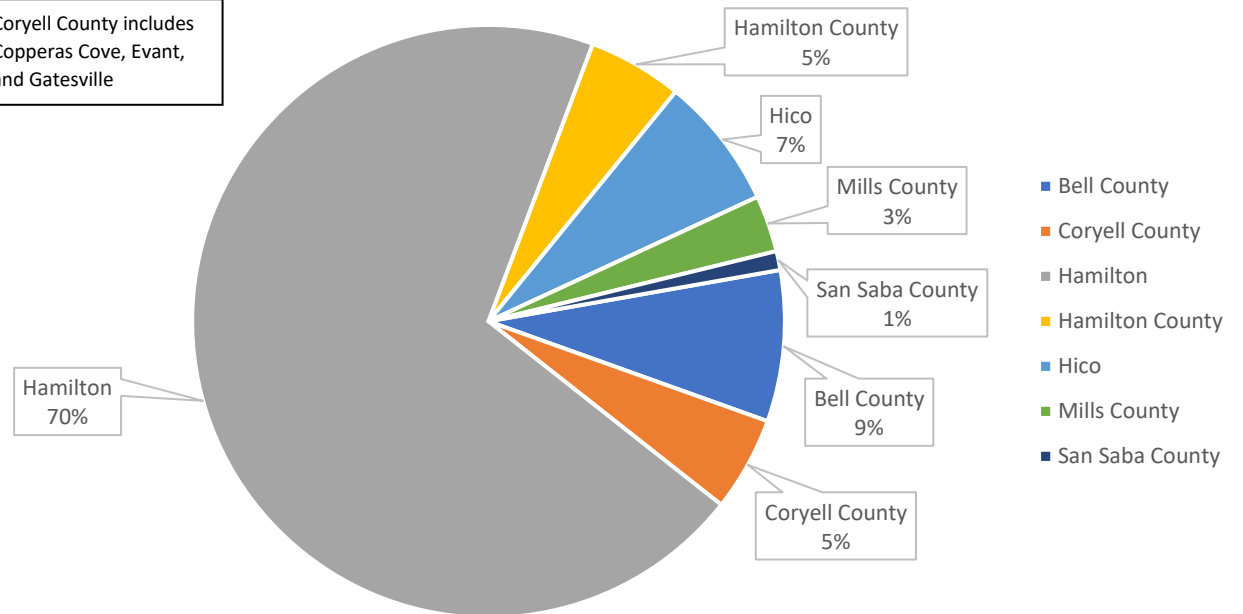

City of Hamilton 2023 HHW Event

- 97 cars total
- Residents from 5 counties attended the event
- 82% of attendees from Hamilton, Hico, or Hamilton County
- Paint, Electronics, and Tires were the most common items dropped off
- 40% of attendees brought tires and/or electronics
- Half of attendees had never been to a previous event

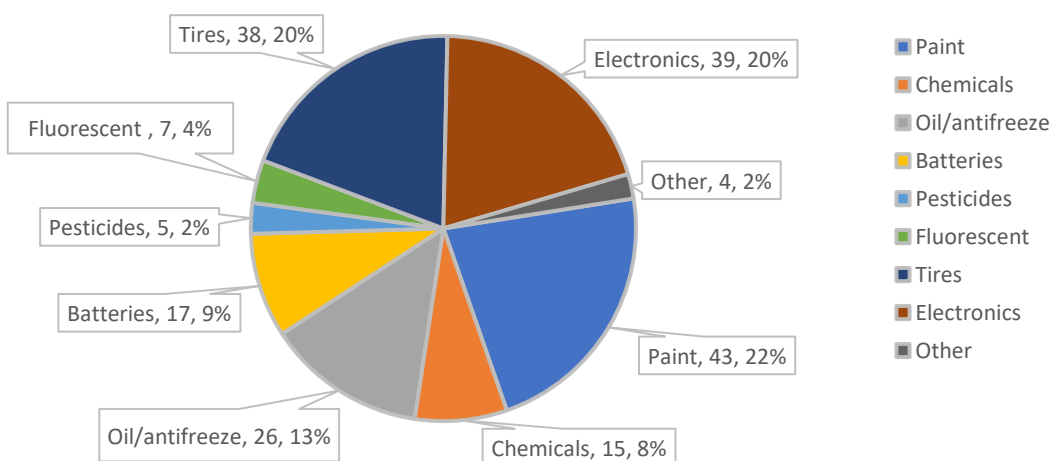

Bell County includes
Belton, Holland, Killeen
and Temple

Coryell County includes
Copperas Cove, Evant,
and Gatesville

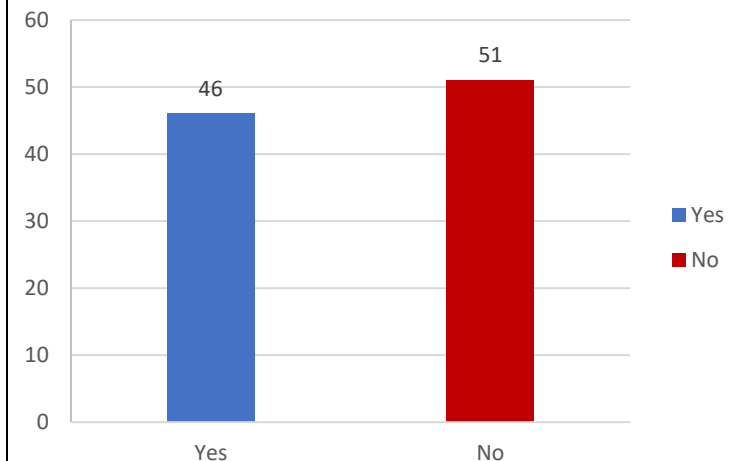

Jurisdiction

Items

Previous Attendance

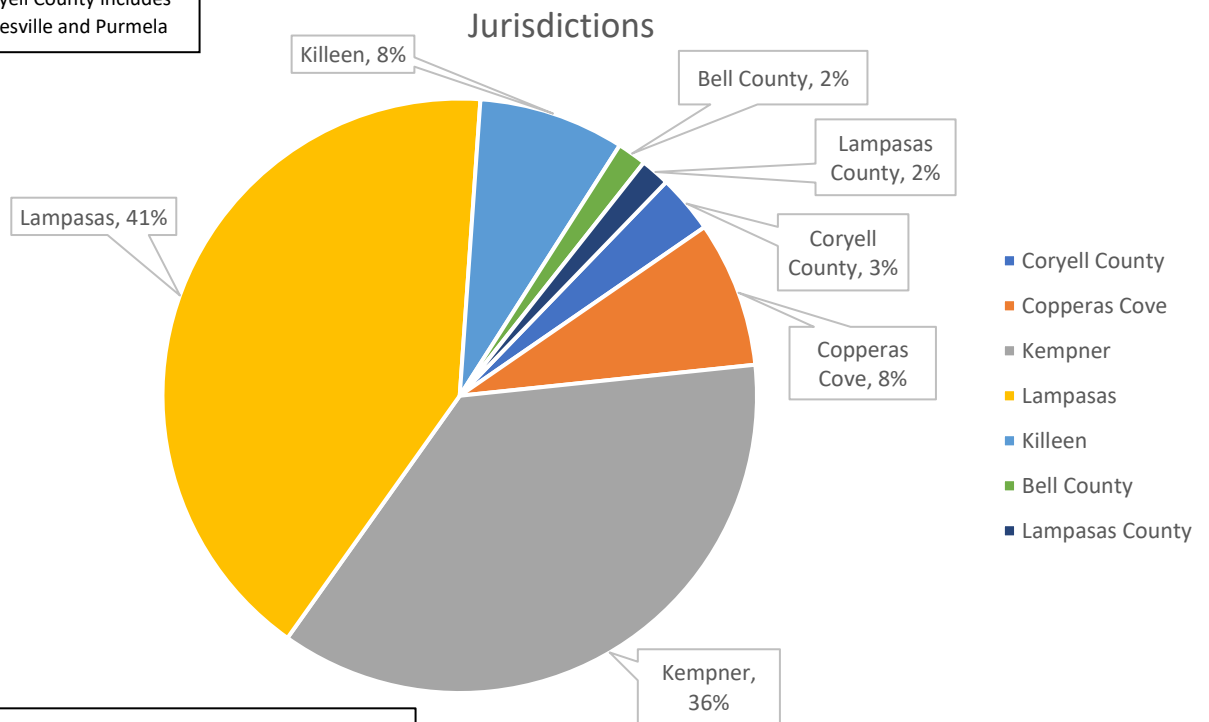

Lampasas County (Kempner)

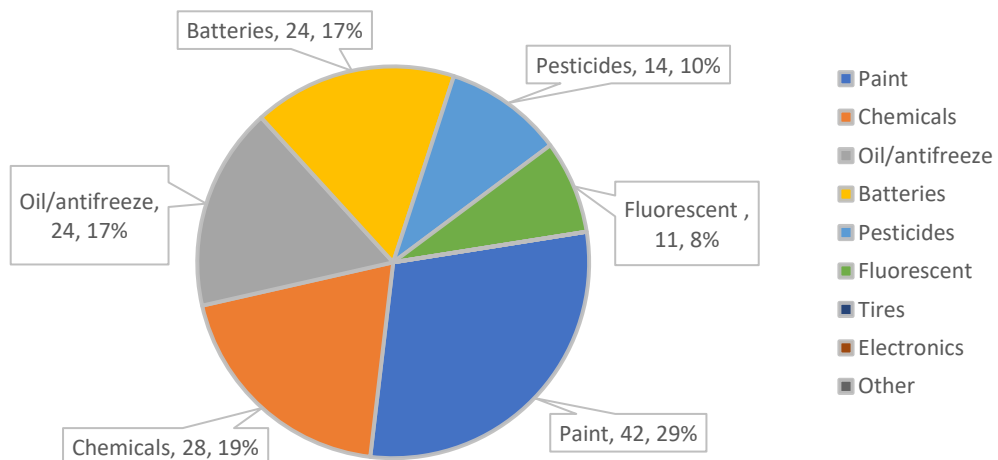

2023 HHW Event

- 63 cars total
- Residents from 3 counties attended the event
- 79% of attendees from Kempner, Lampasas, or Lampasas County
- Paint was the most common item dropped off
- Chemicals, automotive fluids, and batteries were the next most common items
- A significant majority had never been to a previous event

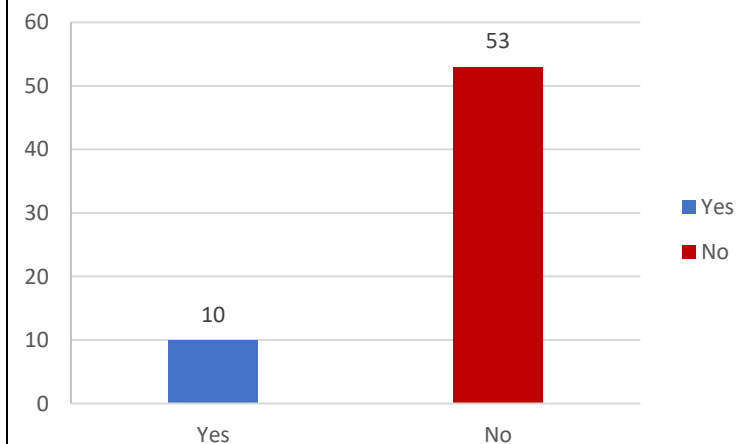

Coryell County includes Gatesville and Purmela

Items

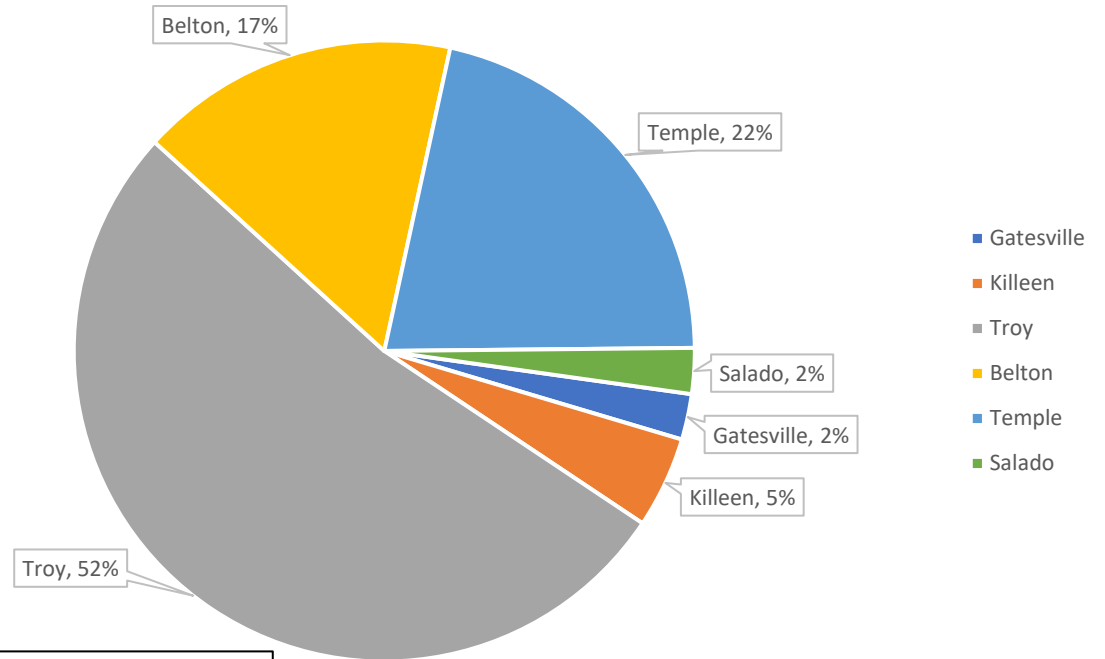

Previous Attendance

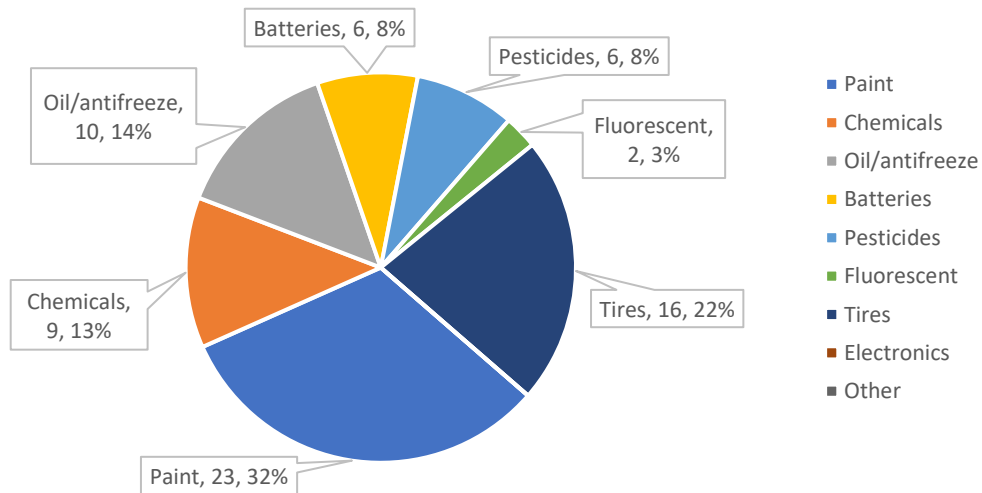

Troy 2023 HHW Event

- 42 cars total
- Residents from 2 counties attended the event
- 52% of attendees from Troy
- Paint and Tires were the most common item dropped off
- 92 total tires were dropped off (from the survey)
- A significant majority had never been to a previous event

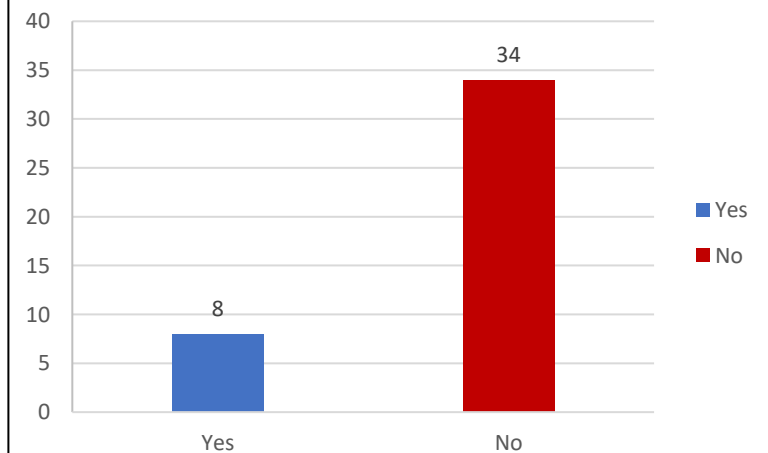

Jurisdictions

Items

Previous Attendance

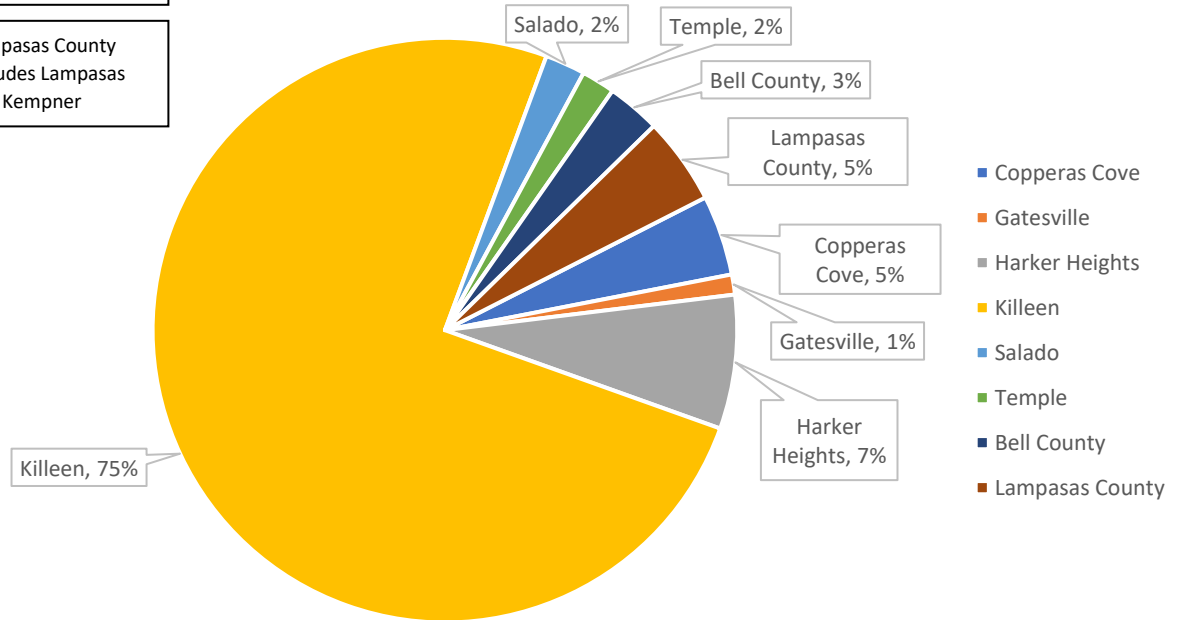

City of Killeen 2023 HHW Event

- 270 cars total
- Residents from 3 counties attended the event
- 75% of attendees from Killeen
- Paint, Chemicals, and Oil/antifreeze were the most common items dropped off
- 18% of attendees brought batteries and/or fluorescent light bulbs

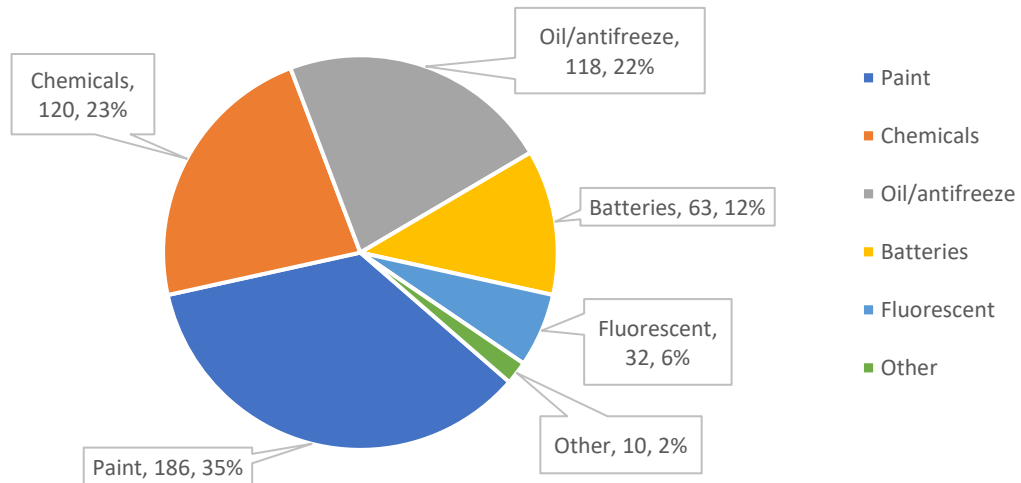

Bell County includes
Bartlett, Belton, and
Florence

Lampasas County
includes Lampasas
and Kempner

Item 6:
Ex-Officio Membership
Request

Ex-Officio Membership Request

Staff has received a request from Ricky McCall with the City of Cameron to become an ex-officio member of the SWAC.

According to Article IV, Section 7 of the SWAC bylaws, ex-officio membership may be requested in writing to the SWAC and is subject to approval of the committee. Terms for ex-officio members are two years.

Action Item: Consider approval of Ricky McCall's Ex-Officio membership request.

James McGill

Sent: Friday, March 10, 2023 7:39 AM
To: James McGill
Subject: RE: CTCOG Solid Waste Advisory Committee

Good morning, Sir,

I would like to attend the meetings, please keep me updated on the meeting dates, and add me to the mailing list. If there is a certain request form that I need to fill out to request becoming an ex-officio non-voting member of the SWAC please send it to me, or if you can use the email as my request, please do so.

Ricky McCall

Item 7:

FY24-25 Planned Use of Implementation Dollars

FY24-25 Implementation Funds

CTCOG receives funding from TCEQ (dependent on the legislature) every year to run the Solid Waste Grants program. This program runs on a two year cycle with the current period covering FY22-23. CTCOG must submit an application and funding plan at the beginning of each biennium to TCEQ that details how and what we will spend solid waste funds on for the two-year window.

Over the past 10-15 years, the SWAC has consistently directed CTCOG to utilize the Implementation dollars received each biennium for Household Hazardous Waste (HHW) events since there is a strong need for that in our region. However, the Implementation dollars we receive can be used many other ways. Below is a list of project categories that are approved for grant funding under our contract with TCEQ.

- Local Enforcement
 - Examples: surveillance equipment, vehicles, illegal dumping enforcement campaign, etc
- Litter/Illegal Dumping Cleanup & Community Cleanup Event
- Source Reduction/Recycling
 - Examples: recycling program equipment (e.g. balers, forklift, trailer, etc.), composting/food scrap program, recycling bins
- Local Solid Waste Management Plans
- Citizens' Collection Stations
- Household Hazardous Waste
- Technical Studies
 - Examples: New or updated local solid waste management plans
- Education and Training Projects
 - Examples: ISD recycling education

At the past two meetings the SWAC has discussed the possibility of making CTCOG's implementation dollars available to a wider range of projects. Staff has developed a draft version of a new project application and scoring guide to accommodate a potential expansion for discussion and potential approval during the next action item.

Action Item: Consider determining how FY24-25 implementation funds will be spent.

Item 8:

**FY24 Implementation
Project Application &
Scoring Guide**

FY24-25 CTCOG Grant Application Form & Scoring Guide

At the last SWAC meeting, a small workgroup of members was created to advise staff on the creation of a new CTCOG Grant Application form and accompanying Scoring Guide for FY24-25. The new application form and scoring guide expands the list of eligible solid waste projects under the CTCOG Solid Waste grant.

The workgroup met with staff once in March to review the grant application forms and scoring guides utilized by other COG in Texas as a starting point for CTCOG's new grant application form and scoring guide.

Included in the packet are draft versions of the FY24-25 Grant Application Form & Guidelines for review. The documents are still in draft form and staff can make any changes requested prior to approval.

If necessary, another meeting could be held later this summer for final approval of the FY24-25 Grant Application Form & Guidelines prior to the FY24-25 Call for Projects.

Action Item: Consider approval of the FY24-25 Implementation Project Application & Scoring Guide.

Item 9:
Scrap Tire Facility
Application Review

Scrap Tire Facility Application

On April 25, 2023 CTCOG staff received notice from Meyer Tire Recycling, Inc. of their Scrap Tire Facility application to TCEQ for a permit to process scrap tires. The proposed facility is located at 502 W Ave O in Belton, TX.

TCEQ requires that scrap tire facility applicants must notify local authorities including the City Mayor, County Judge, Regional Council of Governments, and Local Fire Authority of their application. TCEQ requests that the SWAC review these notices and applications for consistency with CTCOG's overall goals, objectives, and RSWMP, and provide any feedback to the agency for their consideration.

The SWAC and any other local authority has 45 days from the notification date (April 25) to submit comments to the TCEQ Executive Director if the proposed facility does not comply with local requirements relating to scrap tire management. These comments must include adequate documentation of noncompliance.

A copy of Meyer Tire Recycling's application is included in the packet for your review. The deadline to submit comments to TCEQ is June 9, 2023.

Action Item: No action needed; for discussion only.

Texas Commission on Environmental Quality

Application for Scrap Tire Registration— Scrap Tire Facility

Additional information, documents, and drawings should be securely attached and labeled with the company/facility name. Submit the **original and two copies** of the completed registration application and a completed TCEQ Core Data Form (TCEQ-10400) to: Business and Program Services Section, Scrap Tire Management Program, MC 126, TCEQ, P.O. Box 13087, Austin, TX 78711-3087. For additional information about scrap tire management requirements, please contact us by telephone at (512) 239-2335, or by e-mail at tires@tceq.texas.gov.

1. Facility Name (same as Regulated Entity Name on Core Data Form)

MEYER TIRE RECYCLING, INC

2. Type of Scrap Tire Facility – select all that apply

- ☒ Processor – Activities include cutting, grinding, shredding, baling, crushing, splitting, and recapping or retreading.
- ☐ Recycler – Activities include separation and preparation of used or scrap tires for re-use.
- ☐ Energy Recovery – Activities include use as tired derived fuel.
- ☐ Other (identify):

3. Facility Location Street Address

Street Address 502 W. AVE O
City, State, Zip Code Belton, TX 76513
County Bell County

4. Facility Mailing Address (if different from above)

Street Address
City, State, Zip Code

5. Contact Person

Name JOSE A. BURCIAGA
Title OWNER
817-532-2379
Phone Number meyer tire recycling@gmail.com
Email Address

6. Consultant Information (if applicable)

Identify the consultant or engineer to be contacted about the facility.

Name

Company

Phone Number

Email Address

7. Property Owner Information

Identify the property owner where the facility will be located. Applicants must submit a Property Owner Affidavit (TCEQ-10299). A template is provided in this document.

Name Toll Bridge Plaza, LLC
Street Address James and Terry Boston, owners.
9875 Armstron Road
City, State, Zip Code Belton, TX 76513
Phone Number 254-289-8240
Email Address texasterryboston@gmail.com

8. Investigation or Enforcement Action

Is this registration application in response to a TCEQ investigation or enforcement action?

☐ Yes
☒ No

9. Amendment to Existing Registration

Is this an amendment to an existing scrap tire facility registration? ☐ Yes ☒ No

If yes, please provide the information below.

Registration Number:

Intent of amendment:

Number of Tires and Storage Method

Processors can store up to 500 whole used or scrap tires on the ground or 2,000 whole used or scrap tires in enclosed lockable containers. A processor cannot store more than 2,000 used or scrap tires or 20 tons of tire pieces in total. Complete questions 10 and 11 about storage methods.

Recyclers and energy recovery facilities can have more than 500 whole used or scrap tires on the ground or 2,000 whole used or scrap tires in enclosed lockable containers under the 30-day supply rule (30 TAC §328.63). The 30-day supply is the amount equal to the highest documented monthly number of used or scrap tires consumed in the most recent six-month period. A facility in operation for less than six months must submit an estimate of a 30-day supply.

A storage site registration application is required for facilities that do not qualify for a 30-day supply and intend to store more than 500 scrap tires or the equivalent in tire pieces on the ground or more than 2,000 scrap tires or the equivalent in tire pieces in an enclosed lockable container. Refer to the Scrap Tire Storage Site website for requirements. <https://www.tceq.texas.gov/tires/tires-storage>

- ☐ Yes, a Storage Site Registration is required, and the application will be submitted separately.
- ☒ No, a Storage Site Registration is not required.

10. On the Ground Storage (outdoors) – No more than 500 used or scrap tires or 5 tons of tire pieces for processors.

How many used or scrap tires will be stored outdoors?

400

How many tons of tire pieces will be stored outdoors? One passenger tire equals 20 lbs.

1 Ton

11. Enclosed Storage (trailer(s), warehouse, etc.) – No more than 2,000 used or scrap tires or 20 tons of tire pieces for processors.

How many used or scrap tires will be stored in enclosed storage?

400

How many tons of tire pieces will be stored in enclosed storage? One passenger tire equals 20 lbs.

4 Ton

12. Vector Control Measures

Describe the method for controlling vectors, such as mosquitos and rodents. Monitoring for vectors and appropriate vector control measures must be applied when needed, but no less than once every two weeks.

We will be implemeting into our schedule a bi-monthly vector control inspection. Employees will be instructed to report any container or equipment that is holding water. Facility will constanly process tires to avoid retaining water. Will keep grass cut short and shrubbery well trimmed. Vector control tablets may be used in any water that is not natrually draining. Fogging or spraying will be implemented as needed in the mornings and evenings to control mosquitoes. We will have rodent control by using rodenticide baits, natural repellants, and traps inside the facility. Assistance from other commercial pest control will used as needed for complete vector control in our facility.

13. End Use of Used or Scrap Tires or Tire Pieces (check all that apply)

Identify the end use of the used or scrap tires or tire pieces. Provide the name and registration number if applicable. Not all tires must be delivered to a single location. Different types of facilities can be used. Include additional pages as an attachment as needed.

☒ Energy Recovery Facility

Name: M/S GREEN SOLUTIONS

Registration #: SEPA/ROK/HSMP/241/317/2022

☐ Storage Site

Name:

Registration #:

☒ Landfill

Name: CITY OF TEMPLE LANDFILL WASTE MANAGEMENT

Permit #: 0629A

☐ Land Reclamation Project Using Tires (LRPUT)

Name:

Registration #:

☒ Other (identify): TRACTOLLANTAS MESC840805SC1

14. Location Maps

Provide a map showing the location of facility in relation to a road intersection. Online mapping tools, such as Google Maps or Mapquest, are acceptable.

Map is included as attachment # 1 of this application.

15. Emergency Response

Provide documentation of arrangements with public or private emergency response personnel if facility does not intend to provide its own firefighting personnel or system. Specifically, the application must include a response letter from emergency response personnel stating they will provide fire protection in the event of an emergency. Examples of emergency response personnel include local city or county fire departments, and volunteer fire departments.

Name of public or private emergency response personnel: Fire Department, City of Belton, TX

Letter from emergency response personnel is included as attachment # 2 of this application.

16. Notification Requirements

Applicants are required to notify local authorities of the scrap tire facility registration application to comply with the notification requirements of 30 Texas Administrative Code Chapter 328, Sections 328.63(d)(1) and 328.63(d)(2). A template of the notice is provided on the next page of this application. Complete the template with the required information and send it, along with a copy of this application, by certified mail with a return receipt request. Submit return receipts to the TCEQ Scrap Tire Program as part of the registration application. Provide the name, mailing address, and date notice was mailed for the required local authorities below.

Return receipts are provided as attachment #3 of this application.

Company:	MEYER TIRE RECYCLING, INC	Job Title:	OWNER
Name (In Print):	JOSE A BURCIAGA	Phone:	(817) 532- 2379
Signature:		Date:	04/25/2023

Scrap Tire Facility Registration - Notification to Local Authorities

Notification Date (mailed or hand-delivered date):

25 APRIL 2023

Notification to: Mr. Jim Reed, Executive Director. Central Texas Council of Governments (23)

Jose A. Burciaga, doing business as Meyer Tire Recycling, INC

Customer Legal Name

has applied to the Executive Director of the Texas Commission on Environmental Quality (TCEQ) for a Scrap Tire Facility Registration for a proposed scrap tire facility to be located at:

502 W. AVE. O Belton, TX 76513

Physical address of the facility

This notification is provided per the requirements of 30 TAC Chapter 328, Sections 328.63(d)(1) and 328.63(d)(2). Approval by the TCEQ Executive Director is required before the start of the proposed scrap tire facility operations at the above-referenced location.

Prior to authorizing a scrap tire facility, the TCEQ Executive Director must consider any timely written notification by a local government with jurisdiction over a proposed facility that the proposed facility does not comply with local requirements related to managing scrap tires and protecting public health and the environment. Such notice must include adequate documentation of noncompliance at the proposed facility. The Executive Director determines whether any documentation of noncompliance submitted is adequate. Comments on the application, if any, must be submitted in writing to the TCEQ's Waste Permits Division within 45 days of the date noted above.

The Executive Director shall, after review of the application for registration, determine if the application will be approved or denied. The Executive Director's final action on the application will be available to view at www.tceq.texas.gov/tires/pending-applications. The applicant or a person affected may file a motion to overturn the Executive Director's final action on this registration, which is a request that the commission review the Executive Director's action on an application. A motion to overturn must be filed no later than 23 days after the date of the final action. Information on how to file a motion to overturn is available at the above web page.

For more information about this application and/or to submit comments, please contact: Waste Permits Division, MC 126, Texas Commission on Environmental Quality, P.O. Box 13087, Austin, TX 78711-3087. The TCEQ staff can also be contacted via email to tires@tceq.texas.gov or by phone at (512) 239-2335.

Item 10:

**Camera Surveillance
System Presentation**

Camera Surveillance System Presentation

Kara Escajeda with the City of Nolanville has been working with Verkada on a camera surveillance system project that uses AI and power stack to supply power and Wifi to the cameras.

This system could be a shared regional asset for use at problematic dump sites in the area.

Representatives from the project team will give a presentation on the camera surveillance system and potential applications for our region.

Action Item: No action needed; for discussion only.
